

QUARTERLY EXTERIOR PEST CONTROL PROGRAM

\$149.95

* we do not provide any interior sprays

Like us on:

We'll return every 3 months to provide an exterior foundation spray (3' up and 3' out) Which means you don't need to be home while we work. If you get a pest problem between services, we'll come back and deal with it at no extra cost *. Keeping the bugs out of your house helps prevent unnecessary interior sprays that we don't recommend.

Household pests are more than an embarrassing nuisance. They can bring harmful bacteria into your home. Your best defense is a **QUARTERLY EXTERIOR PEST CONTROL PROGRAM**. Our certified Pest Control professionals know which pests thrive in your neighborhood, and how to help keep them out of your home and away from your family.
